Project: Skillsoft and Complete Component Architecture (CCA) (May, 2014 - July, 2016)

PROJECT SUMMARY:

1. Title: Skillsoft Learning
Client: Microsoft

Description:

- Skillsoft is an online training tool
- It is a web-based training course on technical skills needed by system developers and administrators.
- This comprises of online training material for users on technology of Microsoft.
- In CCA all checks are performed for functionality of each page of the web page as per checklist. The methodology that, I'm using for testing the CCA is manual testing.
- Manual testing has its own limitations and is not as efficient as automated testing methodology.
- Exercising and evaluating the system components by manual testing.

Responsibilities:

- Testing of the online courses as per standards in different languages.
- Interacting with Client to understand new features and upcoming tasks.
- Updating the test cases as per the changes request from the client.
- Bug reporting and verification for different releases.
- Preparing daily status report.

Product: EZPortal (May, 2013- November, 2013)

Synopsis: The EZPortal application consists of three modules – Empanelment Module, Reporting Module and Payout module. The modules is used by Alternate Channel's empaneled and active partners, Alternate Channel's

MCA with more than 3.6 years of experience in Software Testing

sales team, Alternate Channel's operations team, Alternate Channel's management team, Finance Team and BE Team.

Project Description:

- Ability to allow Alt Ops to enter Sub Broker information online.
- Conducting TVR verification of sub-brokers through the system and recording the same
- Allowing Finance/Management to Approve/Reject a sub-broker from being empanelled.

Roles & Responsibilities:

- Analysing the requirements from the clients.
- Interacting with Client to understand new features and upcoming tasks.
- Updating the test cases as per the change request from the client.

Technology/Environment:

Windows XP, Postgres, Java and J2EE

Team Size: 4

Location: [NetAmbit](#), Noida.

ACADEMIA

MCA from ABESIT Group of institution, Ghaziabad (UP) affiliated to Uttar Pradesh Technical University.
